

Topspin™ Mix

syngenta flowers®

Topspin™ Begonia

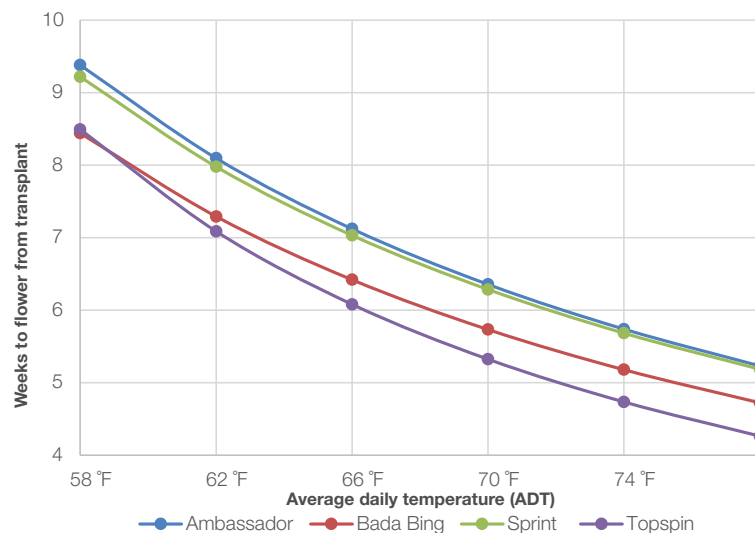

The best performing Begonia for cold finishing¹

- Save money on heating costs!
- No special heating production zones means you can grow it with other bedding annuals in the same greenhouse at the same temperature
- Strong vigor – easy to size up plants under any environment
- Reliable and quick pot fill for early spring

¹Based on controlled testing at 58 degrees F average daily temperature

Quicker finishing times may lower your cost of production

- Topspin can save you up to 14% on overhead production costs compared to Ambassador and Sprint begonia due to faster finish times
- Topspin Begonia provides up to 50% more crop turns per growing season

Topspin Begonia is available in four vibrant, green leaf varieties and a mix

Topspin™ Scarlet

Topspin™ Rose

Topspin™ Pink

Topspin™ White
