

# Snaptastic™ Snapdragon

## The next generation of multi-season snapdragons

**FASTER:** Reduced sensitivity to day length allows faster flowering in early spring which creates an easier to program crop. One week **FASTER** than Speedy Sonnet!

- Fast secondary flowering creates masses of garden color that will have them coming back for more

**FULLER:** The perfect combination of classical snapdragon flower spikes and a sturdy branching habit, a major improvement to traditional snapdragons. Extremely uniform habits are quicker to fill containers than Speedy Sonnet or Arrow

- Vigorous plants combined with early flowering set the stage for efficient bench run shipping

**STRONGER:** Stands up the environmental challenges of warm season production for late summer/fall sales. Superior stem strength holds up to the rigors of shipping and retail

- Everyone benefits from advanced one-of-a-kind breeding that is focused on high-performance that overcomes stressful conditions

## Snaptastic snapdragon is available in five colorful varieties and a mix

Snaptastic™ Scarlet Flame

Snaptastic™ Yellow

Snaptastic™ Red

Snaptastic™ Pink

Snaptastic™ Magenta
